

Spires That In The Sunset Rise "Wide Awake"

Visit "[Wide Awake](#)" on MotoLyrics.com

Wide awake
Find I care
Drowning sun
Planet hearts
Move your trouble
Light is shadowed night
Break the eggs
Feed cold hands

Four winds the walker
The secret life

Wide awake
It makes me some
Cruel ride ship
Missed old tales
Ripped wing feeling
Light is shadowed night
A void is here
With what takes turn

Plus minus home
The object shown

Wide awake
Is gone by though
Missed the stop
Rippling dawn
Lenses blend
Light is shadowed night
A void is here
With what takes turns

Four winds the walker
The secret life

All the voices have turned
To words

They are hidden in
Riddles

All the voices have turned
To words

They are hidden in
Riddles
