Paranoia posed in saintly rows outside my windows  
Cacophonous caws, bacterial ponds flap  
Pavement moans

Caustic alarmed cavernous psalms  
They swing from your lips then tie your tongue up like  
you asked them to  
Out come the gaunt ghosts of your thoughts  
They're shrieking in prose and breathing  
rhymelessness archaic gloom  
Cover your mouth, sound trickles down and drips from  
your chin  
Drooling vibrations in an empty room

There just pull your eyelids down they're begging for  
your sleep  
Find yourself in white stairwell a trembling voice now  
speaks  
Whirring back and forth from firework to figure eight  
Now your trembling hands don't seem so hard to make  
behave

Paranoia posed in saintly rows outside my windows  
Single filed piled while flashing smiles network  
imposed

Dumbstruck and shoved oxygen snuffed then beg for  
embrace  
Passion like cancer has a wandering eye  
Caskets for hands bury your plans right next to your  
songs  
When t-shirt vending is how you spend your time  
Out come the gaunt ghosts of your thoughts  
They're shrieking in prose and breathing  
rhymelessness archaic gloom  
Cover your mouth, sound trickles down and drips from  
your chin  
Drooling vibrations in an empty room

There, just pull your eyelids down they're begging for  
some sleep  
Find yourself in white stairwell a trembling voice now

speaks

Whirring back and forth from firework to figure eight  
Now your trembling hands don't seem so hard to make  
behave

Caustic alarmed cavernous psalms they swing from  
your lips  
Then tie your tongue up like you asked them to

Out come the gaunt ghosts of your thoughts  
They're shrieking in prose and breathing rhythmless  
archaic gloom
