Was it a broken arm, or collar bone?  
Well it depended on the week  
And we with me black eyes, stitched  
From head to feet uncomfortably happy  
All skinned knees and gapped teeth

Remember summers with the speak and spell?  
Trying to make the robot cuss  
If mother knew the words we used  
While she worked she would she fuming  
Cause it's not how she raised me

And when you taped over a  
Good half of the wedding tape  
I bet you never thought  
Thunder Cats would ever make you cry  
We sat in disbelief as Lionel made  
Plans to slay the whole wedding party  
They're disco dancing to their deaths  
Oh mom you just don't know it yet

All my hand-me-downs they stuck to me  
From all the blood I couldn't keep  
Oh such a likely sceneten-year-old body  
Face down on Rosal street  
My bike passed out on top of me

Remeber how I swore I would  
Pass you up in age?  
You just scoffed at me  
Well I'm still gonna do it  
Just haven't quite figured it out how yet

We cornered Teddy Ruxpin  
And smashed his story tape  
Out put Guns N' Roses in and watched  
Him sing along to Appetite for Distruction  
Yeah, he knew every word  
I'm dying in the hall laughing  
Oh John you've got to turn it off

And when you taped over

A good half of the wedding tape  
I know you never thought  
Thunder Cats would ever be the end  
We sat in disbelief as Lionel made  
Plans to slay the whole wedding party  
Oh John, you've got to turn it off
