You're a worthless creature born just to die.
There will be no mercy, so don't pray for your life.
Your torso mutilated beyond recognition.
To see you torn in pieces is my only ambition.

It's not a murder, it's an abortion.
Only many years too late.
Sadistic belated abortion.
I am your god, I decide your fate.

Suck it like you've never sucked before.
Suck it like all the other retarded whores.
Right after I have come on your face.
It's the time for you to die in disgrace.

It's not a murder it's an abortion.
Only many years too late.
Sadistic belated abortion.
I am your god, I decide your fate.

Swear your love for Satan.
Bound and gagged you lie.
Swear your love for Satan.
Bound and gagged you DIE!

[Solo]

In your blood-soaked bed you lie.
Like an aborted fetus in pieces you lie.
I vanish in the darkness looking for more.
Sadistic belated abortions to perform.

It's not a murder, it's an abortion.
Only many years too late.
Sadistic belated abortion.
I am your god, I decide your fate.
