Feels Like-Spiritfall

INTRO

Feels like I'm walking in this world alone
And its so cold what will be taken now
And i feel like im a case too often thats falling down

PRECHORUS

And its quiet, i can hear a pin as it hits the ground
Wondering what could happen next

Thoughts come

Im thinking my life could take me next

CHORUS

Is this world against me now

I would stand my ground

And find out how

When im up i still feel down

Is it over

VERSE

Transfer, energy into the form of pain

And i hate this

Confusion comes

Its already here

And im so lost

My body screams i tumble down

PRECHORUS

And its quiet

I can hear my pain as it hits the ground

Wondering what could happen next

Thoughts come

Thinking my life could take me next

CHORUS

Is this world against me now

I would stand my ground

And find out how when im up i still feel down

Is it over

BRIDGE

Its hard to fight this

Its hard to fight alone

I won't let it beat me

When faced i will fight on

Confusion is right for me

But strength will overcome

Won't let it beat me

CHORUS: (2X)

Is this world against me now

I will stand my ground

And find out how when im up i still feel down

Is it over

Is this world against me now

I would stand my ground

And find out how

When im up i still feel down

Is it over
