Seeing is believing  
Or so they say  
But who's to judge  
What's real anyway?

I know it's fake  
So get off your high horse  
You'd rather have this dream  
Than your tears and heartaches

I'm sorry  
But I can't help you  
I'm really sorry  
But I'm busy chasing fools gold

It's always been this way  
I gotta ride my own wave  
Can't intellectualise  
There's no compromise

I'm not like you  
I can only be me  
And that's something  
You never quite figured out
