My timing was perfect
Timing was perfect

I've been asleep for only hours
It feels like it's for years
Who are the people
Where did they come from
How did I get here
I've dreamt of something beautiful
We all need something beautiful
I know something beautiful
But she is not here

Not here
No no
Not here
No no
Step back

Yeah my timing was perfect
My timing was perfect
My timing was perfect
My timing was

I've been asleep
You knocked me out
But won't you let me in?
Who are your new friends
Where did they come from
How did you get here
I've dreamt of something beautiful
We all need something beautiful
I know something beautiful
But she is not here

Not here
No no
Not here
No no
Step back

Yeah my trouble was perfect
My trouble was
Perfect
My trouble was perfect
My trouble was
