## "Leave Me"

The price of our arrogance took us here  
Filled us with fear  
Shadows of the past tracked us down  
Knocked us to the ground

Wind out of the sails we tried to fight  
No hope in sight  
Journey to the sky  
Only a heartbeat away

Light fades away, darkness settles in  
Let the journey begin

[Chorus]  
Leave me,  
Leave me, let me die in the battlefield  
Leave me,  
Leave me with my sword and my shield

Let me go down to sleep  
Let me meet my maker

[Chorus]

Let me take the final leap  
Let me cleanse my soul in fire  
Let me go down to sleep  
Let me meet my maker
