After meal I went to lie  
Very good for health is people say  
To like sea and beach in holiday  
I enjoyed it well and saw you  
At once I thought of sport  
Told you how we could dive through  
A flood of passion and lust  
I like to dive into  
The greatest thing life brings  
You'll experience that it's true  
If you accompany me  
And when the sun is setting  
My big feeling's growing up  
Is somewhere an ocean for diving  
An ocean build of passion and love  
Experience a good feeling  
Wanna conquer new things  
It's important to knowing  
That diving is a wet thing  
I like to dive into  
The greatest thing life brings  
You'll experience that it's true  
If you accompany me  
I like to dive into  
The greatest thing life brings  
You'll experience that it's true  
If you accompany me
