They only want money for the drugs  
But I have got to shame  
Must pay it but I haven't enough  
They all have knives in their hands  
Much sweat is drizzleing down my face  
Now I think I haven't got a chance  
Life in downtown is very hard  
Life in downtown is the hell  
The air isn't clean and it is dark  
Like in a bad story you tell  
Look there is dirt everywhere  
On that small road drive many loud cars  
You hear cries anywhere  
Towards gangs fight there in bloody wars  
Everywhere the smell of beer  
It is very bad here in downtown  
I wouldn't like live here  
Crime, dirt and poverty in downtown  
Life in downtown is very hard  
Life in downtown is the hell  
The air isn't clean and it is dark  
Like in a bad story you tell  
Life in downtown is very hard  
Life in downtown is the hell  
The air isn't clean and it is dark  
Like in a bad story you tell  
Life in downtown is very hard  
Life in downtown is the hell  
The air isn't clean and it is dark  
Like in a bad story you tell
