I see happiness
Hope you stay forever
Hope you never miss
See your face in front of my eyes
I start dream about you
And then I know
I can't stop loving you
Everytime that I think of you
I feel love
Then I remember I need you
In my arms
Everytime I'm lonely and need somebody
Wish you're here
With you I'd be happy
I wish you are near
See your smile in front of my eyes
I wish I could see you
And then I know
I can't stop loving you
Everytime that I think of you
I feel love
Then I remember I need you
In my arms
Everytime that I am in my bed alone
Wanna love you
Wanna you as my own
Wanna only you
I feel your body in my arms
I wanna make it true
And the I know
I can't stop loving you
Everytime that I think of you
I feel love
Then I remember I need you
In my arms
I feel your body in my arms
I wanna make it true
And then I feel
I can't stop loving you
Everytime that I think of you
I feel love

Then I remember I need you
In my arms
