The weather doesn't show any mercy  
So I'm making a sad face  
I hope that it won't be worse  
I'm trying to hate this weather  
I know something must change  
I wish it will be better  
And I start to dream  
How wonderful would it be  
In a land where the sun shines everyday  
Sea and beach like in holiday  
I think Jamaica could be this land  
I wanna be in Jamaica  
I wanna go to Jamaica  
I wanna leave Alaska  
I wanna go to the south  
I wanna get a Rasta  
And I will build a nice house  
I know this country is my fate  
It's predestinate like that  
Gonna handle it as my mate  
And I will stand pat  
How wonderful would it be  
In a land where the sun shines everyday  
Sea and beach like in holiday  
I think Jamaica could be this land  
I wanna be in Jamaica  
I wanna go to Jamaica  
How wonderful would it be  
In a land where the sun shines everyday  
Sea and beach like in holiday  
I think Jamaica could be this land  
I wanna be in Jamaica  
I wanna go to Jamaica
