"The First Night"

I am dreaming and can only think
Let it make together, together
Tonight only we're together
This time must be forever
The first night is exceptionally
Before I was afraid
But then I was happy
It's the nicest thing I ever did
Come a little bit closer baby
Because you make me crazy
Let it make together, together
Without you my life's so empty
I wanna love you baby
The first night is exceptionally
Before I was afraid
But then I was happy
It's the nicest thing I ever did
The first night is exceptionally
Before I was afraid
But then I was happy
It's the nicest thing I ever did
It is so a wonderful feeling
I wanna always do this thing
Let it make together, together
I beginn to depend on you
Like tonight I'll always do
The first night is exceptionally
Before I was afraid
But then I was happy
It's the nicest thing I ever did
The first night is exceptionally
Before I was afraid
But then I was happy
It's the nicest thing I ever did
