It's just routine  
You wanna do what's amazing  
Now you wanna be free  
Do you wanna explore new things  
Do you wanna enjoy what your life brings  
Then you gotta cross unknown waters  
You gotta do what you want  
If you wanna leave and go away  
If you wanna go on holiday  
If you wanna find your own way  
If you wanna do that all day  
Then just do it  
Then just do it  
You wanna find yourself  
To be a free man  
You wanna leave all behind you

Want to conquer new lands  
So you will change a lot  
When you really hold on living as we do  
Finally you will be happy  
When you just do what you want  
If you wanna leave and go away  
If you wanna go on holiday  
If you wanna find your own way  
If you wanna do that all day  
Then just do it  
If you wanna leave and go away  
If you wanna go on holiday  
If you wanna find your own way  
If you wanna do that all day  
Then just do it
