Sad and wasn't very happy
But now that I celebrate
I find out that life goes on
All that means fun
I know it's right for me
And so I say
Let the party goin' on
It will be loud
Oh yeah I do agree
But hope we may
Let the party goin' on
All that frightened me before
I don't have to think about it
Got no worries anymore
I could leave them all behind me
All that means fun
I know it's right for me
And so I say
Let the party goin' on

It will be loud
Oh yeah I do agree
But hope we may
Let the party goin' on
All that means fun
I know it's right for me
And so I say
Let the party goin' on
It will be loud
Oh yeah I do agree
But hope we may
Let the party goin' on
All that means fun
I know it's right for me
And so I say
Let the party goin' on
It will be loud
Oh yeah I do agree
But hope we may
Let the party goin' on
