See I've come back
From almost death
And I've got to avenge
Everyone
That washed up here
In a sea of blood
In an ocean of sweat
Maybe tears
Come back
Oh I'll get through to ya
I can't forgive
And I won't forget
I wanna pummel some heads
Just because
See I called out
To the Son of God
And I got response
I need more
Come back
Gotta get through to ya
Come back
Oh I'll get through to ya
I ain't going back
No
Never
Never
