All the time is gone  
Along with everything you loved, forever

You can try to break my heart  
It'll never be enough  
And you can try to burn this heart to the ground  
It just won't be enough

Yet they work so hard  
To destroy what's left of our lives  
But we're gonna take it all  
We're gonna take it all to town

You can try to break my heart  
It'll never be enough  
And surely you'll try to wreck this heart  
But it's just a little bit too tough  
Oh yeah

Oh yeah

We'll find our place in the world  
It could take all day and all night  
We'll find our place in the world  
If it takes all day and all night

Oh yeah

'Til your last breath  
You will hate this heart  
Just don't hate anyone  
'Cause you hate yourself  
'Til your last breath  
You will hate this heart  
Just don't hate everyone  
'Cause you hate yourself  
And you'll hate everyone  
'Til there's no one else  
I believe I believe  
I believe in you

I swear I swear  
I swear it to you  
I swear I swear  
I swear it to you  
I swear I swear  
I swear it to you  
I swear I swear  
I swear it to you  
I swear I swear  
I swear it to you  
I swear I swear  
I swear it to you

I swear it to you  
I swear it to you
