Amongst the stone and smoke
We never laid before
Images floating all about
Life in the after glow

My decaying mind pretends
None of this ever happened
We either learn to live a lie
Or we're waiting here to die

And after all this suffering
I could lie here for good
With a mind on fire
I try and stand my ground

Eliminate and I will follow...

Amongst the stone and smoke
Rising above it all
Broken, but not beyond repair
See how this soul fairs

From after all this suffering
I could lie here for good
But with a mind on fire
I try and stand my ground

Eliminate and I will follow...

You
[I will follow you]

Let's see how this soul fairs
