I choose from 66 new ways of faith in man
Yeah, we'll find ways, we'll find ways, honey, I know
To come around again

And I've made my 66 mistakes in my prime, in my days
Now the big wave, the big wave's coming in
Save yourself, save yourself

In my youth, in my youth I used to rage
In my youth I used to dream of age
In my youth, in my youth I used to rage
In my youth I used to dream of age

I've made my 66 mistakes in my prime, in my days
And now the big wave, the big wave's coming in
Save yourself, save yourself

In my youth, in my youth I used to rage
In my youth I used to dream of age
In my youth, in my youth I used to rage
In my youth I used to dream of age

I choose from 66 new ways of faith in man, yeah
We'll find ways, we'll find ways, honey, I'm sure
To come around again, yeah

Save yourself, come on
Save yourself, come on
Save yourself, yeah
Save yourself, come on
Save yourself, come on
Save yourself, yeah
Yeah, yeah

In my youth, in my youth I used to rage
In my youth I used to dream of age, yeah
In my youth, in my youth I used to rage
In my youth I used to dream of age, yeah
Yeah (x 4)
