The city really loves you, baby  
But the city never really does  
The feeling of corruption stays and  
And, then you think about the things you've lost  
You've never really felt the fire  
And you've never really felt the need  
The city never stops you, baby  
And you remember how it feels to fall apart

You never really planned it, baby  
But then the planning never really stops and  
When you think about the future, baby  
Yeah, then you dream about another start  
It's the thing about illusions, baby  
It's the thing about letting go  
But the city never saves you, baby  
And you remember how it feels

To go away  
To come back again  
The tiger cage  
Suburbia

Now everyone's an exit baby  
Yeah, everone's a back door out  
You're a member of another club now  
But you remember what you're coming from  
Love is just a buzz, just a buzz you can't catch  
Love is just a buzz, just a buzz you can't catch  
Love is just a buzz, just a buzz you can't catch  
Love is just a buzz, just a buzz you can't catch  
Love is just a buzz, just a buzz you can't catch  
Love is just a buzz, just a buzz you can't catch  
Love is just a buzz...

Just a...

Love is just a buzz, just a buzz you can't catch  
Love is just a buzz, just a buzz you can't catch  
Love is just a buzz, just a buzz you can't catch  
Love is just a buzz, just a buzz you can't catch

And it goes away  
But it comes back again

The tiger cage  
Suburbia
