May I look into your eyes sir?
I see you're just like real one
May I look into your head sir?
I see you wish you were dead sir
Dead certain of what you know

May I look above the clouds sir
Clouds sir, or is that just for the birds?
May I play with your words sir?
Words sir, surprised you're not amazed

Oh spent all day lying on my back
Oh laa it's a real little thriller
Here at Malmsbury Villa
Oh spent all night standing on my head
It's a real little killer here at Malmsbury Villa

May I fall into the sea sir?
See sir see (sir see), see the circus is here sir
May I make up my face sir?
Just like a clown sir, surprised I look just like a girl
Now I see what you mean sir
You're mean sir, so mean sir, so meanwhile

Spent all day lying on my back
It's a real little thriller here at Malmsbury Villa
Spent all night standing on my head
It's a real little killer here at Malmsbury Villa
