here she comes again,
just like an old best friend,
with a ton of information bout you,
and im wasting my time,
being here with you,
yes thats all i think that you should know

there was nothing to say,
i just think i said it all,
but you you didnt seem to care,
and its time to say goodbye,
i thought this was the last thing,
then you smiled and walked out through the door

say goodbye,
i hope i never see you again,
as time goes by,
well meet along the way,
and everything i really wanna say to you,
was never said

there was nothing to say,
i just think i said it all,
but you you didnt seem to care,
and its time to say goodbye,
i thought this was the last thing,
then you smiled and walked out through the door

say goodbye,
i hope i never see you again,
as time goes by,
well meet along the way,
and everything i really wanna say to you,
was never said

say goodbye,
i hope i never see you again,
as time goes by,
well meet along the way,
and everything i really wanna say to you,
was never said

say goodbye,
i never wanna see you again,
as time goes by
well meet along the way
and everything i really wanna say to you
was never said
