Y'all muthafuckas want me to stop?  
Oh, I'll stop, muthafucka  
But you gotta do somethin for me  
Say Unkle  
(Say Unkle)  
Better hurry up  
(Hurry up)  
You better hu-  
Ah-ah, fuck it, it's too late

#### [ VERSE 1 ]

I kicks it, oh yeah  
Click, spit, don't care  
Never see me no mere  
Lot of niggas know me  
Few hoes blow me  
Nigga stay low-key  
Sauce Money Faculty, reppin shit for my homies  
Def, now we ride, cats screamin "I'm it!"  
That's just too bad, that's the hit I'm with  
Been a lot of places, seen a lot of niggas  
Lot of different faces, most of them killers  
Counted lot of figures, niggas know I'm raw  
Off day for sure, packin a .44  
Gather round the lightning, now you feelin the volts  
Might not see me, but you see the results  
Everybody talkin, take a listen, back now  
Bullshit cats, muthafuckas dissin that now  
One thing I know, never kind of, sort of  
Fuck you and that bitch nigga with you, fool, in that  
order

#### [ CHORUS ]

Niggas better play dead, let go Play-Doh  
I'm about to spray now, fuckin with (aiyo)  
Sauce Money my nigga, they don't want no drama  
Muthafuckas, we killers, I put that on my mama  
Diamond ring shinin, bitches say it's so nice  
Sauce Muthafuckin, now she's shakin all night  
Non-stop, we get the place cracklin  
From North, West, South, East and back again

[ VERSE 2 ]

Niggas know I rock, spittin for my riches  
Representin my block, this is for my bitches  
Seems as though we next, laughin at you haters  
900 CX, platinum Navigators  
Since my hits is so hot, now I'm keepin a toast  
Niggas ain't about shit, usually speakin the most  
Tons of sons kick in your door, nigga, so run your  
funds  
What's done is done, I don't see no one's and you see  
my guns  
That's how I roll, niggas like we know  
Hit the spot heavily armed, me and Reno  
Hemmed up with three hoes, sippin on a bottle  
Cut a check, suck a dick, that's my motto  
Like it, love it, fuck it, I'm Sauce Money for life  
Keep my circle real tight cause I know niggas is trife  
Plottin from long-range to hit me for my figures  
But till the day I lay this is strictly for my niggas

[ CHORUS ]

Come on  
A-ha  
Let's go  
A-ha  
Feel it  
A-ha  
Love it  
A-ha  
Love it  
Yeah  
Shoot yourselves  
Come on  
It's alright  
1  
2  
3  
Gone
