This time I will not be forgotten  
You're the one that's left here so rotten  
This time I am making my way back home

Step up now, don't look back  
Walk the lines and avoid the cracks  
Take your life in your hands  
Mom and dad will never understand  
I'll take a stand

Close your eyes, never look away  
Your enemies are close on a lovely summer day  
Keep your head up, but not up in the clouds  
Your friends are still there waiting when you're back  
down on the ground

All the work and sweat of your hands  
To make this life for you and your friends  
What started out as all here for one  
Has ended up just you and your gun  
If you are cash in hand  
Now your life is in demand  
The pressure's on, don't get old  
Heroin and Rock and Roll  
You've got to roll with the flow when you're standing  
good to go
