

Dear Juliet "Summer's Song"

This summer is coming to a close.
And I'm starting to figure out that I cannot live without
you.
I hope you're thinking of me, cause all the stars above
me sing your name. I'll never be the same again.
Please don't forget to call me just to let me know you're
doing okay miles away from me.
This summer was the best I've ever had,
I never want to see it end.
So let's pretend that we're never going back home
again.
Just say those three words I know you're thinking.
I'm sick of wasting time on these formalities, please
never leave my side.
So please tell me darling, why you're so far away, when
I need you beside me tonight.
