Day for night  
I can't wait 'til the time is right  
Like a gun waits for war  
Like the sun waiting for a light

Pound away  
Get it done in just half a day  
'Neath the sweltering sky  
Get it done, don't ask why

Don't you want to live my way?  
Living day for night  
Don't you want to live my way?  
Why you want to keep trying?  
You never get it right  
When you could be  
Living day for night

Live my dream  
There's no dancing in between  
Why not let it go?  
There's no sense being so extreme  
Act instead  
There's no life living in your head  
The director's long gone  
Still the play goes on  
And on and on . . . come on!

#### CHORUS

Your dreams were disappearing  
So you disappeared  
Into your head  
There's no freshness  
In your feelings  
So you feel like  
Going back to bed  
As the mercury rises  
There are still some surprises

Day for night

There's no time  
There's no end in sight  
Not a moment to lose  
There's no voice  
You can't choose

CHORUS TO END
