Come a little closer flicker in flight
We'll have about an inch space but I'm here
I can breathe in what you breathe out

[Chorus:]

Let me know if I'm doing this right
Let me know if my grips too tight
Let me know if I can stay all of my life
Let me know if dreams can come true
Let me know if this one's yours too
Coz I see it (Oh...)
And I feel it right here
And I feel you right here

The vacuous night steps aside
To give meaning to
Gemini's dreaming
The moon on it's back and the seemingly
Veiled rooms lit
By the same star

[Chorus:]

Let me know if I'm doing this right
Let me know if my grips too tight
Let me know if I can stay all of my life
Let me know if dreams can come true
Let me know if this one's yours too
Coz I see it (Oh...)
And I feel it right here
And I feel you right here
