(Hogan)

I woke up today - saw things a new way
Now the sun don't shine 'till it gets late (laid)..

Knock knock knock, at the door, that whore,
I don't want what she's sellin' no fuckin' more.

In the future or the past, nothing lasts.. nothing lasts
All the times we had a blast, nothing lasts.. nothing
lasts
Love is like a teenage fad, nothing lasts.. nothing lasts
Why does life have to move so fast? when nothing
lasts.. nothing lasts

I know you love me today, but will you feel the same
way
When this day has passed?.. nothing lasts .. nothing
lasts
I know my lessons are learned, cause I just keep
getting burned
No questions asked.. nothing lasts.. nothing lasts

We risk our lives to love our labor
Tryin' to thrive for the man-made paper

Ring on the finger, pen on the paper
One sins just a few minutes later

No guarantees against disease
No lifetime warranties
Keep all your receipts, and forget all your defeats
Cause nothing lasts...

Life's not like a PG film,.... no previews before the lights
go dim
Its over before you know it. yet the trailer never shows it
that way

In the future or the past, nothing lasts.. nothing lasts
All the times we had a blast, nothing lasts.. nothing
lasts

Love is like a teenage fad, nothing lasts.. nothing lasts
Why does life have to move so fast? when nothing
lasts.. nothing lasts at all
