She makes love with the radio on.
The radio on - the radio on...
Yeah she makes love with the radio on

She hums (humps) to her favorite song
She likes her music hard and long
And that's what turns her on
Cause she makes love (with the radio on).

This young fine red head's playing in her bed
She can't get any work done, this song is in her head.
Something 'bout the melody makes her so horny
She's such a naughty girl

She locks the door , puts her favorite cd on
She could go to bed, but she's staying up till dawn
She could do her work, but she's gonna have fun
And that's what turns her on

She makes love with the radio on.
The radio on - the radio on...
She makes love with the radio on

She humps to her favorite song
She likes her music hard and long
And that's what turns her on
When she makes love (with the radio on).

Soon everyone knew all about this hottie
And how playing music made her act naughty
She feels the beat all throughout her body
And that's what turns her on

In school she joined band but they had to kick her out
Cause every time they'd to start to play, she would
spaz out
She'd drop to the ground and she'd moan so loud
In 5 seconds flat, you can bet there was a crowd

Cause half the student body was caught skipping class
They headed to the band room in hopes to see some

ass

The teacher told her that she shouldn't come.
(but you could tell that she already had!!)

She makes love with the radio on.
The radio on - the radio on...
She makes love with the radio on

She humps to her favorite song
She likes her music hard and long
And that's what turns her on
Now we make love (with the radio on).

She makes love with the radio on (x4)
We make love with the radio on (x4)
