Can you hear me? I am screaming.
I am screaming. Can you hear me?
Blood is dripping. Nails are piercing
Thorns are ripping. Ripping through you

I see the tragedy
It comes to me
In bloody, broken dreams
You've always loved me
Never knew it.
Our remains of living free...

I live for you (I die for you)
I live for you (I die for you)
I live for you (I die for you)
I live for you...

Can you hear me when I'm screaming.
I can hear your voice it's weeping.
You cried out when I was needing
I was nothing, you'd comfort me.

Now I see that you are here for me to lean on
We shed tears of ashes for death that only became
truth.
You lived for me and you loved for me
I'd try so hard to be like you.

Can you hear me when I'm screaming?
I can hear your voice it's weeping
You cried out when I was needing
I was nothing, you'd comfort me

Can you hear me when I'm am screaming.
I can hear your voice it's weeping
You cried out when I was needing
I was nothing, you'd comfort me
You were holding me
You were holding..

I won't be afraid to stand alone now!

Oh can't you see
What it means
to me, for me, to me
Save my best so I'll stand
Set me free, you will see
What it means, to live and be able to breath

You set the way for me to follow won't waste the day.
This time I'll follow.
This blood shed for me, I won't take lightly.
You set the way for me to follow won't waste the day.
This time I'll follow
Your blood shed for me, I won't take lightly
You set the way for me to follow won't waste the day
I will fight for the meaning of this
You died for me (for you) you saved me
Now I will stand strong
defending for your name

I'd fight for you, I'd die for you
My life for you.
Now it's time...

I'm not afraid, I wont forget your name, I wont forget
your name, I'm not afriad now!
