Ladies and gentlemen
I show you through the looking glass this world of mine
But I forget to hide myself in confidence
My cage enclosed
This Romeo and Juliet stand bleeding
I walk you through the open door
To find it all was washed away with tears of blood and
holy water
Wept for me
Iâ€™ll let you see the cause of my reflection
And she makes me burn

So I turn my eyes to you

Ladies and gentlemen
She shows me though the looking glass is broken
shards
But I recall sheâ€™s shattered all the mirrors now
My cage exposed
This Juliet and Romeo lie bleeding
She walks right through my open door
And knows it all is washed away with holy tears and
bloody water
Wept by her
She knows the truth thatâ€™s behind my reflection
And she makes me burn

So I turn my eyes to you my love

I feel like this game may be fated for us
As you can see right through my perfect reflection

And look at me like Iâ€™m the one you will serenade

Ladies and gentlemen
She brushes past my anathema
Tear me open
Leaves her smile to fill my consciousness
Sew me shut
Sets me down a broken man to lie beside

Sheâ€™s everything and more besides

Tear me open
Cuts me deeper than I ever could
Sew me shut
Picks me up to walk beside this perfect soul

I feel like this game may be fated for us
As you can see right through my perfect reflection
And look at me like Iâ€™m the one you will serenade

You cause me to learn from my mistakes and take a
step back
So finished my last diversion
I know the last lines are the truth

You ask me aloud yet the words barely register
Impurity gone
Like an overtureâ€™s violent exception
Youâ€™re my only love unconditional
