## "End Of The World"

World seems to turn into grey  
I lost my longin' to stay  
All warnings of nature simply have failed  
People have lost their ways  
This is the end of all days  
From zero to none all life has gone

Say good-bye  
There will be no sun and moon  
End of the world  
Say good-bye  
Nature will begin to cry  
End of the world  
But they don't know why!

Whole world is searching for fame  
Pay the price for this game  
All warnings of nature simply have failed  
Nearly all true love has gone  
Simply looking for fun  
From zero to none all life has gone

Say good-bye  
There will be no sun and moon  
End of the world  
Say good-bye  
Nature will begin to cry  
End of the world  
But they don't know why!

Say good-bye  
When night and day will be united  
Say good-bye  
The end of the world is coming soon  
Say good-bye  
There won't be sun and wan't be moon  
Say good-bye  
The end of the world is coming soon
