Hello again, see you in hell  
The way down deep with no believin'  
Nowhere to go, nowhere to hide  
You can't control your beast inside

Hello again, see you in hell  
The way down deep with no believin'  
No need to pray, you have to wait  
Better choose your way for the final day

You might control your twisted mind  
Seek for peace you'll never find  
No need to pray, you have to wait  
Better choose your way for the final day

Hello again, see you in hell  
The way down deep with no believin'  
No need to pray, you have to wait  
Better choose your way for the final day

[Chorus:]  
Nowhere to go, nowhere to hide  
You can't control your beast inside

Believe in what you're used to be  
Your past will never, never set you free  
It makes no sense to run away  
You will condemn on judgement day

Hello again, see you in hell  
The way down deep with no believin'  
No need to pray, you have to wait  
Better choose your way for the final day

[Chorus:]  
Nowhere to go, nowhere to hide  
You can't control your beast inside
