Sweep the thoughts that kick you  
In the butt  
Once they take it twice  
They gotta make it  
As you buy it  
Now you gotta try it  
Use your mind while you can  
Don't run away  
Just act like a real man  
Do as I say  
Not as I do  
You know what I mean  
So don't you deny  
That's why I gotta kick you  
In the ass

Communication  
Is it coming from the right direction  
Is it just a little lack of information  
Is it going to the wrong destination  
Is it going to the right place

You're so pathetic  
So ironic  
And you ever try to tell me that  
You're not an addict  
Respect those who can  
'Cause it's a fine line  
Cross it and you'll be going back in time  
Open the doors and open it wide  
It will happen all like your first big smile  
I got the feel that the road you took  
Was not so appealing

I feel so strong  
But not for so long  
I'm going back to the place  
Where I belong  
I feel so strong  
But not for so long  
I'm going back to the place

Where I can try again  
Try again and you'll stay like me  
Give it a try don't ask yourself  
There's nothing to loose but time

Television  
The drug of the nation  
Is it heaven or hell's creation  
Turn on the stereo  
Put on the news  
Listen to their lies  
That seems like our true  
What's going wrong  
What's going right  
Look at yourself  
I can't keep you by my side  
Carry on sow that hole in your life  
You just paid all this misery  
As your price.
