There ain't nobody rockin' on like this  
From all over the world to - right next door  
From the ground to the ceiling - back - to the floor  
Can we not just be neighbours can we be friends - or

Turn your feelings inside out  
C'mon step outside that door shoutin' out loud

I live next door  
if you need something just ask

Hello, Hello  
my name is joe  
I live next door

ahhhhh!!  
and if you want me back again  
one day  
cause if you want me back again  
just say  
cause if you want me back again
