Visit "[So Cool](#)" on MotoLyrics.com

Half of what you say to me is lies
And all the rest you synthesize
But hen I hear your voice I melt
Soon I forget all that I felt

Just like one and one is two
You're just so awfully cool
So cool

I don't mind you trashing all my stuff
'Cause of you I never get enough
My love is grander than the stars
And my payback is emotional scars

When you cut me down with your stare
I wanna pull out the rest of my hair
And when I'm looking right at you
I start to shiver 'cause you're so cool
