Enter her lair  
Deep in her lair  
The tension you feel  
Is burning inside

You meet her at last  
It happened so fast  
The look in her eyes  
There's nowhere to hide

Pain on her mind  
Eternal and blind  
Everything's black  
But you're turning white

She knocks you down  
Whips you around  
Nothing is heard  
But your screams in the night

Mistress of pain  
Lady of domination  
Executes her discipline  
Upon her bonded slaves

Lashing you with her whips  
Keeping you bonded in chains  
Drool starts to seep through her lips  
Gets off on affliction of pain

Violence in her eyes  
Insatiable lust  
Terminal mistake  
Face to face with death
