I'm crawling through landmines
Just to know where you are
There's smoke in my eyes
'Cause you're burning the ground

I'm crawling through landmines
Just to feel where you are
Under cover of night
I put a pearl in the ground

Where'd you go
Not so far
Please don't go
Not too far
Where'd you go
Not so far
Please don't go
Not too far

I found your ring with the feather on
One arm in and one arm gone
Save this ring let's bring Paris right here

Oh, my dear
My love
Do you know, my love
Do you know

I'm crawling through landmines
Just to feel where you've been
There's gauze over my eyes
But you're leaving this trail

I'm crawling through landmines
I know cause I planted them
Under cover of night
I put my heart in the ground

Oh where'd you go
Not so far
Please don't go

Not too far
Where'd you go
Not so far
Please don't go
Not too far

I found your glove with the leather torn
Five fingers that I'm counting on
Smoke signals to call you right here

Oh, my love
My dear
My love
My dear...
