I went into the forest  
Even before my birth  
You think that I am special  
Just take a look at me first

I'm naked over water  
The ground is over my feet  
Don't care for the surroundings  
My snake is not my fare

Yes, I'm special  
But it hurts  
Your catalogue has  
Made it worse  
Guess I'm special  
To complain  
In this forest I  
Am not sane

Yes, I'm special  
But it hurts  
Your catalogue has  
Made it worse  
Yes, I'm special  
To complain  
In this forest I  
Am not sane
