Well, you're invited now
Please come in with me
If you have been down
I will get you up
Well, you're invited now
To the St. Thomas world
I've been into the forest
And I have climbed the top

Get down, get up
Come here, have a cup
That's right, stand still
In the St. Thomas world
Get down, get up
Come here, have a cup
That's right, stand still
In the St. Thomas world

Well, you're invited now
Please come in with me
If you have been down
I will get you up
Well, you're invited now
To the St. Thomas world
I've been into the forest
And I have climbed the top

Get down, get up
Come here, have a cup
That's right, stand still
In the St. Thomas world
Get down, get up
Come here, have a cup
That's right, stand still
In the St. Thomas world
