I can not be satisfied all by myself
Lying awake night after night
The music that I make needs to be heard
Because it's the only thing that I do
Come gather around
Hear what I've got to say
The sound of your applause makes me stay

Walking around alone is not for me
I've tried to settle but I won't
The music that I make needs to be heard
Because it's the only thing that I do
Come gather around
Hear what I've got to say
The sound of your applause makes me stay
