

St. Thomas

"Oh I have left the ground"

Visit "[Oh I have left the ground](#)" on MotoLyrics.com

Where is the water, baby
That I used to drink
Can you show me the way to my path
I used to know directions
Now they're just flying through my head
And the sun is blending my eye

Where is my planet
Oh, I have left the ground
Where is my planet
My head is spinning round
Where is my planet
Oh, I have left the ground
Where is my planet
My head is spinning round

Where is the water, baby
That I used to drink
Can you show me the way to my path
I used to know directions
Now they're just flying through my head
And the sun is blending my eye

Where is my planet
Oh, I have left the ground
Where is my planet
My head is spinning round
Where is my planet
Oh, I have left the ground
Where is my planet
My head is spinning round
