Dear Carla
She came from the back of the track
And she tried to take what I had
Dear Carla
She married a cowboy
And now she's in prison
She sits on her back
Back

Put a string on the box, oh yes
And tried to close it
I put a string on the box, oh yes
And tried to close it

Dear Carla
She came from back of the track
And she tried to take what I had
Dear Carla
She married a cowboy
And now she's in prison
She sits on her back
Back

I put a string on the box, oh yes
And tried to close it
Put a string on the box, oh yes
And tried to close it
