"The Charity Ego"

I'll watch myself as I'm moving careful
Walking slowly down the hall
I'll watch myself as I'm moving careful
Washing drawings off the wall
The woman bends her knees in front of me
A little girl says please, please, please
The woman bends her knees in front of me
All of a sudden a ??? tree

The woman was intoxicated
I can't do nothing but carry myself
Can't push myself to the highest skylight
This charity is for myself

So I stood there and watched her dying
Saying I am sorry to the little girl
I am the charity ego
Making service for the only man

The woman was intoxicated
I can't do nothing but carry myself
Can't push myself to the highest skylight
This charity is for myself
