Muscle connects to the bone
And bone to the ire and the marrow
I wish I had a gentle mind and a spine made up of iron

Mouth connects to the teeth
And teeth to the loves and the curses
Honey can you reach the spots that need oiling and
fixing

H e l p
Help me, help me
H e l p
Help me, help me

Muscle connects to the bone
And bone to the ire and the marrow
I wish I had a gentle mind and a spine made up of iron
So I pretend there aren't ten strings tied to all ten of my
fingers

H e l p
Help me, help me
If you want we could go somewhere else

H e l p
Help me, help me...
