From the moment that you're born  
From the moment that you're conceived  
From your first step across the room  
'till you first stand to pee

You're filled with hate  
You're filled with lies  
You're force fed foolish pride  
Until one day you'll just wake up dead  
Because you dreamed you were never alive

You fear life not death

While you're busy watching romper room  
Your kid's being brainwashed by sesame street  
He's filled with hate  
He's filled with greed  
He's force fed foolish pride  
Until one day he'll just wake up dead  
Because he dreamed he was never alive

You fear life not death
