

St. Vincent "Television"

Sitting alone contemplating
What is missing inside me
Desperately I try to remember
A life that's not meant to be
I meditate and try to recapture
Some since of reality oh....

But I look around I see numb empty faces
The world is waiting to die
And this apathy is so suffocating
It's slowly killing my mind
I've searched the world for someone with answers
To questions that are plaguing me
I scream in vain at anyone who'll listen
But everybody's watching t.v. (joke)

Is anyone alive
Or am I lost in a world where nothing matters
Am I lost in a world where no one cares

Is anyone alive
Is anyone alive
Or are we lost in a world where nothing matters
Are we lost in a world where no one cares
Where no one cares
