All I need is the air we breath
There's so many things
We need so desperatly
And the tv preaches we can't live without them
But tell me what is need and I'll tell that I believe
If I owned the world without you it would all be
worthless

(chorus)
Because you are everything
The only thing that matters
You are everything the only thing I need
Our love is everything
The only thing that matters
You are everything
You are the air I breathe

What if someday we took all their toys away
Do you think they'd find the strength to go on living?
Well deep inside I know
If I lost everything I owned
I'd be a king as long as you're beside me

(bridge)
You are everything the only thing that matters
You are everything the only thing I need
Our love is everything it's the only thing that matters
You are everything you are the air I breathe
The air I breathe

I hope someday they find a place to bid online where
all lost souls can buy
Their life some meaning
I know we'll survive
All we need's more time
As long as we've got love and art and the ocean

(chorus)
Cause we are everything
The only thing that matters
We are everything there is nothing else I need

This love is everything
It's the only thing that matters
And you are everything
You are the air I breathe
The air I breathe
