I know the tears you're crying in your bed at night alone
I've cried those tears a thousand times
But those shallow empty songs about suicide are
patronizing
You've got to learn to face your fears
Or do you think I'll be less lonely when I'm dead
It can't silence all the voices in my head
I close my eyes but I can't make it go away
Do you think I'll be less lonely
God I pray that I'm not lonely

When I'm dead
When I'm dead
When I'm dead

When I'm dead I won't feel any pain
And when I'm dead I won't feel anything

When I'm dead
When I'm dead
When I'm dead
When I'm dead

I know the songs you're singing, saying nothing loud
and clear
I've heard that song a thousand times
But your shallow empty lies about suicide are
patronizing
You can never understand what I feel

Or do you think I'll be less lonely when I'm dead
It can't silence all the voices in my head
I close my eyes but I can't make it go away
Do you think I'll be less lonely
God I pray that I'm not lonely

When I'm dead
When I'm dead
When I'm dead
When I'm dead
