"I Don't Believe In Love"

Excuse me miss
I seem to have lost track of time
What just happened?
How long have I been lying here?
Spread out on my back
You just confirmed my greatest fear

Sick and tired of being this way
I know how much you hurt
And how you know how hard I tried to change
Right all along, you told me I was fading

Nothing left for them to say
"Goodluck.
You're gonna need it boy, you'll need it babe
If you're going to live that way"

Chorus:
I don't believe in love
You don't owe me anything
Believe me when I say
I could change some day

I don't believe in love
You don't owe me anything
If you need a place to hide
I am on your side

I know it's hard to find an open mind
The wildest ones were left behind
And thought they had it all
And knew exactly how we fall

I thought we'd seize the moment
[You're the sight]??
The flames they rose high up to our knees
We tired to hide and hide the lies

I want to be alone
And on my own
All the holy bones

I want to feel alive
But strong on the outside
